A Dangerous Wreck with Miraculous Escapes.

LEXINGTON, Ky., Aug. 18.—A dangerous wreck occurred yesterday morning at High Bridge, Ky., on the Southern railroad. A Big Steal of Drilling Diamonds.

NEW YORK, Aug. 18.—C. H. Billings, a diamond salesman, who is reported to have had stolen from him \$100,000 worth of black diamonds in St. Louis, Wednesday, is the representative of a diamond dealer in the Southern States and precious stones, at No. 4 Johnson street. Mr. Billings carried about with him drilling diamonds valued at from \$2,000 to \$40,000 and about 100,000 worth of diamonds. The firm is not insured against loss on the road, and if the report is true Mr. Dessau will lose the entire amount unless Plunkerton's men succeed in recovering the gems.

Serious Charges Against the Directors of the Northern Pacific.

Colby and Colgate Hoyt on the general charge of mismanagement in office and mismanagement of the affairs of the company. It is alleged that they brought to the Northern Pacific properties in which they were personally interested. In this manner they profited largely as individuals, whereas the road lost heavily. Ten millions of dollars is the sum named as the amount of the profits of these four directors.

THE McDONALD WILL CASE

Comes Up in the Supreme Court of Indiana on Appeal.

INDIANAPOLIS, Ind., Aug. 18.—The celebrated effort to break the will of the late Senator Joseph E. McDonald, came to the supreme court yesterday on appeal from the Hamilton circuit court, where it was decided against Mrs. McDonald, the senator's second wife, in favor of the children by his first wife. About \$100,000 worth of property is involved. The appeal cites thirteen errors, averring that the lower court erred in refusing to vacate the order made on motion of appellees, requiring Mrs. McDonald to submit to a statutory examination under oath before trial; in requiring Mrs. McDonald to produce a duplicate copy of the will; in overruling the motion made by Mrs. McDonald to require appellees to elect upon what theory they would proceed; in overruling the motion made by Mrs. McDonald to require appellees to make their complaint more specific; in overruling the separate demurrer of Mrs. McDonald to the amended complaint, and in various minor rulings.

THE WHEEL AT RIPON.

First Day of the International and Wisconsin A. W. Meet.

RIPON, Wis., Aug. 18.—All Ripon went out to the cycle races yesterday afternoon, and in every respect the first day of the International and Wisconsin A. W. meet was a success. The enthusiasm being unbounded and the receipts large. About 8,000 persons were present. The crowd had its first chance to see Zimmerman in the half-mile international race. He had first with his accustomed ease, with Demberger lapped on his wheel.

The one mile open brought out for a start, Hoyland Smith, Zimmerman, Demberger, E. C. Hicks and H. C. Gill of Oregon, Wis. Zimmerman won the contest, closely pressed by Little M. F. Demberger, of Buffalo, with Hoyland Smith third. Zimmerman had to struggle in the wheel race with Zimmerman, with Banker right on his wheel.

The first heat of the half-mile handicap brought both Wheeler and Banker to the start, and each of them qualified for the final. One of them was looked upon to capture the race, but both ran unplaced, Demberger winning by a fine burst of speed at the finish, with Kennedy and Crooks right on his wheel.

VINDICTIVE STRIKERS.

They Beat Miners for Return to Work, and Threaten Their Helpless Families.

LEAVENWORTH, Aug. 18.—About forty miners went into the shaft yesterday morning of the Riverside mines, after a strike of about two months, due to the miners' strike. When they went to work at noon they were pelted with rocks and javelin and the miners' strike. The entire force of workers charged the strikers, who beat a rather hasty retreat, although they greatly outnumbered the workers.

Several of the number who remained yesterday morning quit at noon, owing to the fact that their wives and families had been threatened with extermination by the secret order of the strike.

The sheriff has sworn in numerous deputies, who will be on the ground this morning to prevent any further violence.

RIOT IN NEW YORK.

First Serious Outbreak of the Unemployed Thousands.

NEW YORK, Aug. 18.—The first of the riots which labor leaders and others have been predicting for some time as a result of the large number of men out of employment occurred yesterday morning.

A crowd of more than 5,000 men attacked Wallaba hall on Orchard street, because admittance was denied them.

They smashed the plate-glass windows, into the rooms, forced in the door which had been turned against them, and forcibly took possession of the place. Several persons were cut by the flying glass.

All sorts of missiles were used, and finally the police reserves from the Eldridge Street station were ordered to the scene and succeeded in partly dispersing the crowd.

Those forming the crowd were mostly Irish, Hebrews, and represented principally the clothing trade. There were cutters, garment-makers, hat-makers and cloak-makers.

The success of Wednesday's meeting and parade of the unemployed was the signal for a much larger gathering yesterday in the vicinity of East Tenth street.

At 10 o'clock fully 5,000 people had gathered in the park, and the exchange was literally pelted, while outside there were many more endeavoring to gain admittance.

At this point some one cried out that the crowd was to start for Wallaba hall.

As if with one impulse the crowd formed in line and proceeded in the direction of the hall mentioned. The proprietor of the hall hearing of the approach of the crowd, prepared to defend the place.

The doors were barred. The crowd on arriving, through spokesmen, made known its desire to occupy the hall for the purpose of a meeting.

This was refused, and immediately an attack on the place was begun and an entrance was soon forced.

Thousands could not get in.

Robertson Colton, with a squad of fourteen men, cleared the hall by arresting the speaker, who was mounted on a chair. Half the crowd followed the prisoner to the station.

Two other men made of persons who had made an attack on the hall. The three prisoners were arraigned in the Essex Market court, but the proprietor of the hall refused to prosecute because of a boycott, and the men were dismissed.

ROME, Aug. 18.—There were four fresh cases of cholera and six deaths reported yesterday. Several new cases developed yesterday morning in Campoboli, a small city seventy-seven miles from here.

ROBBED BY FARMERS

Who Prove No Mean Hands at the Business.

DOING THEIR WORK WITHOUT A SHOT.

And Going Through the Only Safe to Which the Messenger Had the Combination—The Officers Hot on the Trail.

ST. LOUIS, Aug. 18.—The Wells-Fargo express car, attached to east-bound train No. 4 of the St. Louis & San Francisco road, was robbed by two masked men several miles west of St. James, Mo., at 4:30 o'clock yesterday morning. The job was well planned and executed, and the robbers succeeded in getting away with their booty without firing a shot and without alarming any of the passengers. The car was in charge of Messenger E. D. Ferguson.

Sheriff Marling, of Rolla, at once organized a posse and started in pursuit of the robbers. Shortly after noon Sheriff Marling returned to Rolla and swore out two warrants. The suspected men, said to be farmers living in Crawford county. They will be arrested before daylight to-day.

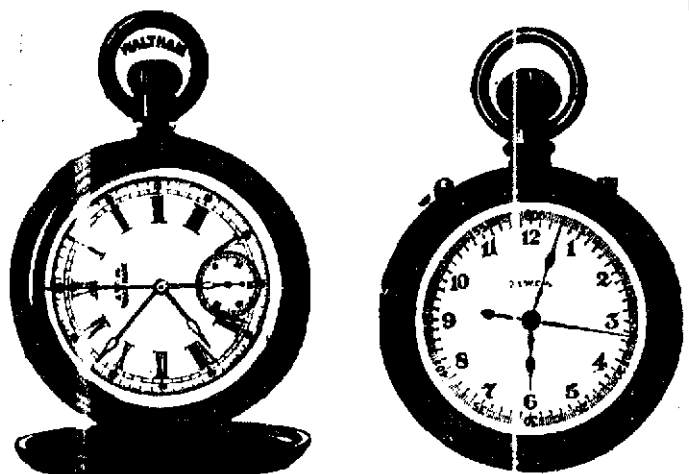

DIVIDEND PAVING.

The Canadian Pacific Railway Must Pay Its Own Dividends Hereafter.

NEW YORK, Aug. 17.—The fund in the hands of the Canadian government for the payment of dividends upon the stock of the Canadian Pacific Railway Co. will be exhausted to-day, and hereafter that corporation must pay dividends upon the stock for two years after the exhaustion of the fund in the government's hands. An assured dividend is considered necessary because of the apprehension of stockholders with respect to the intention of congress to grant the road and the privileges it enjoys with respect to the transit of freight over United States territory, especially as the lay of shareholders published after the last annual meeting of the company shows that the founders are generally "sitting out."

Refused to Consider the Subject of Rail Rates.

CHICAGO, Aug. 18.—Western roads refused yesterday to consider the subject of half-rate fares to Chicago on Illinois day at the fair. A majority of the lines favored

G. A. R. AND PENSIONS.

Commander-in-Chief Weissert on
Hoke Smith's Policy.

At the grand campfire given by the
local G. A. R. at the tabernacle last
night at Canton, Ohio, Commander-in-
Chief A. G. Weissert, on the subject of
pensions, said:

As far as pensions are concerned there
is not a man on the pension rolls to-day
who wasn't placed there honestly and
just as the pension laws required him to
be. If you find a man drawing a pension
illegally the government considers it your
duty to report that man. The G. A. R. is
just as anxious for the enforcement of the
laws now as it was in 1861-5. Nothing
has occurred since then to change its
views. We object to any one assuming the
entire pension roll without citing a
single case. It generally occurs that
those who assail the pension rolls were
not in the army on either side. The
membership of the G. A. R. is always
loyal.

Hurt by a Fall.

Leo Heintz, of 416 South Monroe
street, son of H. J. Heintz, met with a
serious injury while driving the family
car to pasture. He was mounted on a
pony, and accompanied by the son of
Judge Vail. The boy, being full of life
and eager for any kind of a contest,
started in for a race, and Leo was
getting to the front in great
shape on his pony, when the animal
struck a soft place near the St. Louis
bridge, stumbled and fell, throwing Leo
headlong to the ground. He was
rendered unconscious by the fall, and was
seriously injured. How badly he was
hurt internally cannot be determined at
present. Dr. E. J. Brown was called to
the house to attend the lad, whose
bruises on the head and arms were
dressed. There are no fractures. He
will probably recover.

An Unfortunate Mistake.

This morning Mr. Fred Norman's fine
pointer pup was shot by a policeman.
The dog was licensed and yesterday wore
a tag but in some unknown manner the
tag was lost. The dog was in his master's
shop last evening and this morning was
let out only by an employee. A police-
man coming along at this time captured
the dog with a rope and taking him
several blocks away shot the dog seven
times, fairly batoning the beast. The
dog had on a handsome collar with Mr.
Norman's name engraved on the plate.
He was a valuable dog and Mr. Norman
greatly deprecates his loss.

Killed a Squirrel.

Miss Oora Brock and Miss Leda
Meadler on Monday visited the scene of
the killing on the Baker farm east of
the city and during the afternoon tried
their skill at hunting squirrels. A
squirrel was found, with the aid of a dog,
and treed. When Mr. Squirrel showed
himself both young ladies raised their
rifles and fired. Mr. Squirrel fell dead
at their feet. Examination proved that
but one bullet killed the animal and both
claim they killed him. There is no dis-
puting the fact that the squirrel was kill-
ed, but there is some doubt which rifle
ball did the work.

He Must Have a Pain.

The residents in the 230 block on West
Edwards street are getting more angry
every day at the man who resides on
fifth morning, noon and evening. The
neighbors say he cannot carry a tune but
practices continually on the saxes. If
he could play "After the Bells" or some
other popular selection, they would not
mind him. They are talking of petitioning
the mayor to have the nuisance re-
moved. They say if he wants to practice
he should go hire a hall. Tell your
troubles to Slober.

Sample Telephone.

Dr. H. M. Harrison, inventor of the
automatic switch and telephone, is in the
city. Dr. Harrison is also chief elec-
trician of the Harrison International
Telephone company. If he can secure a
proper current he will put up the device
at the St. Nicholas hotel, where its work-
ings may be examined. This is the
system the Citizens Mutual Telephone
Company propose to put in Decatur.

Will Confer.

The members of the city council will
meet to-night in committee of the whole,
by request of Mayor McCall, to confer
together on the financial situation.
Some of the items of cash and credit
it is necessary it would appear to have a
general understanding as to the condition
of things.

Death of Wesley Sauer.

for a number of years, died to-day of
consumption, at the home of his mother,
Mrs. William Sauer, on South Water
street, aged 29 years. Funeral at 4 p. m.
Saturday from the residence.

Drug Store Sale.

Charles H. Tyler is now the owner of
the stock of drugs at the Grand Opera
House pharmacy, the trade with McCon-
ley & Decker having been closed to-day.
The pharmacy will be continued at the
old site and by Mr. Tyler.

Wedding.

At high noon Tuesday, Aug. 17th at
the residence of the bride's parents in Elmhurst
township, Miss Mary F. McConley and
C. O. H. Coven, were united in
marriage by Rev. J. B. Rannells. It
was a quiet marriage.

kennel a pedigreed red Irish setter
pup. His name is Prince Kildare, sired
by Champion Kildare Beverly, No.
28,652 and dam Nellie A. No. 30,116.

day. At Terre Haute in the \$400
pace Elmer Poter was in second, and
at Farmer City Merit, owned by Dr.
Leslie, was third in the \$300 pace.

Mr. Oldham and the Reporter.

In the H-D. this morning appeared
what purported to be the gist of a little
street corner interview by a reporter of
that paper with Harry L. Oldham, who
has been and still is engaged in the
search for George M. Brinkhoff, the
missing Springfield broker, who dis-
appeared in Decatur last year. The
statement as reported puts Mr. Oldham
in a position offensive to him and his
friends, and does him an injustice. The
fact is that the reporter accosted
Mr. Oldham in an insulting man-
ner, saying: "Well, you didn't get the
hundred dollars, did you?" Naturally
Mr. Oldham resented the insinuation
conveyed by the question that the only
interest he had in the Brinkhoff search
was money, and then the reporter went
off and misstated the conversation, print-
ing words that were not uttered. Mr.
Oldham got into the case through sym-
pathy for the Brinkhoff family and by
request of Hon. C. A. Ewing, a son of the
missing man, who was a school friend
of Mrs. Oldham, came to Decatur July
29, and immediately visited Mr. Ewing
at his home, asking his assistance. Mr.
Ewing was then down with an
attack of typhoid fever and could
not get out. He is still confined to
his home. Mr. Ewing requested his
son-in-law, Mr. Oldham, to assist the
young man in the search, and night and
day Mr. Oldham has been doing all he
could to find the missing man. He has
neglected his business on several days
to aid the Springfield relatives of Brink-
hoff, and has been away from his home
and telephone charges. The reward
offered has been no incentive to him
to be active in the search. He was
just as energetic and willing to work be-
fore the reward was offered. To impute
mercenary motives to Mr. Oldham in
connection with the case is certainly un-
just and the reporter well deserved the
answer given him on the street corner.

99-cent goods was lately destroyed by
fire, confessed judgment yesterday in favor
